02 EDUCATION

B.Sc. Information Technology
RD National College of Arts and Science
(Affiliated to Bharathiar University)

2nd Year • Batch 2025–2028

Expected Graduation: 2028

03 LOCATION

Erode, Tamil Nadu, India

SUMMARY

Second-year B.Sc. Information Technology student with hands-on project experience in C#, .NET, Unity, and WinUI 3. Skilled in C# programming, object-oriented programming, Unity game development, physics-based gameplay, and integrating 3D assets from Blender. Experienced in building and publishing projects for itch.io and Microsoft Store. Currently seeking internship and entry-level opportunities in C#/.NET software development and Unity game development.

FEATURED PROJECTS

GraviX PUBLISHED *itch.io*

- Developed and completed a Unity game using C#, covering gameplay programming and game mechanics.
- Published the finished game on itch.io for public play.

Unity C# Game Mechanics

Fire Bird PUBLISHED *Microsoft Store*

- Built and published a game titled Fire Bird, made available through the Microsoft Store.

C# Game Development

OTHER PROJECTS

Personal Unity Game Development Projects

- Built personal 2D/2.5D Unity projects to practice player controllers, physics-based movement, and game mechanics.
- Created and modeled 3D assets and basic animations in Blender, then integrated them into Unity scenes.

WinUI 3 Desktop Applications

- Built desktop application projects using C#, .NET, WinUI 3, and XAML.
